The Compliance Journey

Making Compliance Simple

Regulation to Interpretation

DEMO

The screenshot displays the CoVi Analytics web application interface. At the top, there is a search bar containing the word "Audit". Below the search bar, there are several filters: "SII Directive" (1), "Delegated Acts" (18), "Guidelines" (18), "PRA Rulebook" (18), and "Minimum Standards" (127). The main content area is titled "SII Directive > TITLE I - CHAPTER IV - Conditions governing business". It features a bar chart labeled "Graph" with the legend "Chapters" (blue) and "Articles" (green). The chart shows three bars: a blue bar at height 1, a green bar at height 5, and another blue bar at height 2. To the right of the graph is a section titled "A Glances" with a sub-heading "Article 47 - Internal audit". Below this, it states: "(1) Insurance and reinsurance undertakings shall provide for an effective internal **audit function**." Below the "A Glances" section is an "Audit Board" section, which is currently "2 Pinned". It has a "Private" button and a "Public" button, along with a "Show Boards" button. The "Audit Board" displays two articles: "Article 47 - Internal audit" and "Article 3.4 - Executive". The "Article 47 - Internal audit" entry shows the text: "(1) The internal **audit function** shall include an evaluation of the adequacy and effectiveness of the internal **control** system and other elements of the system of governance." The "Article 3.4 - Executive" entry is partially visible at the bottom.
