

Trusted Regulatory Intelligence

Created by JWG

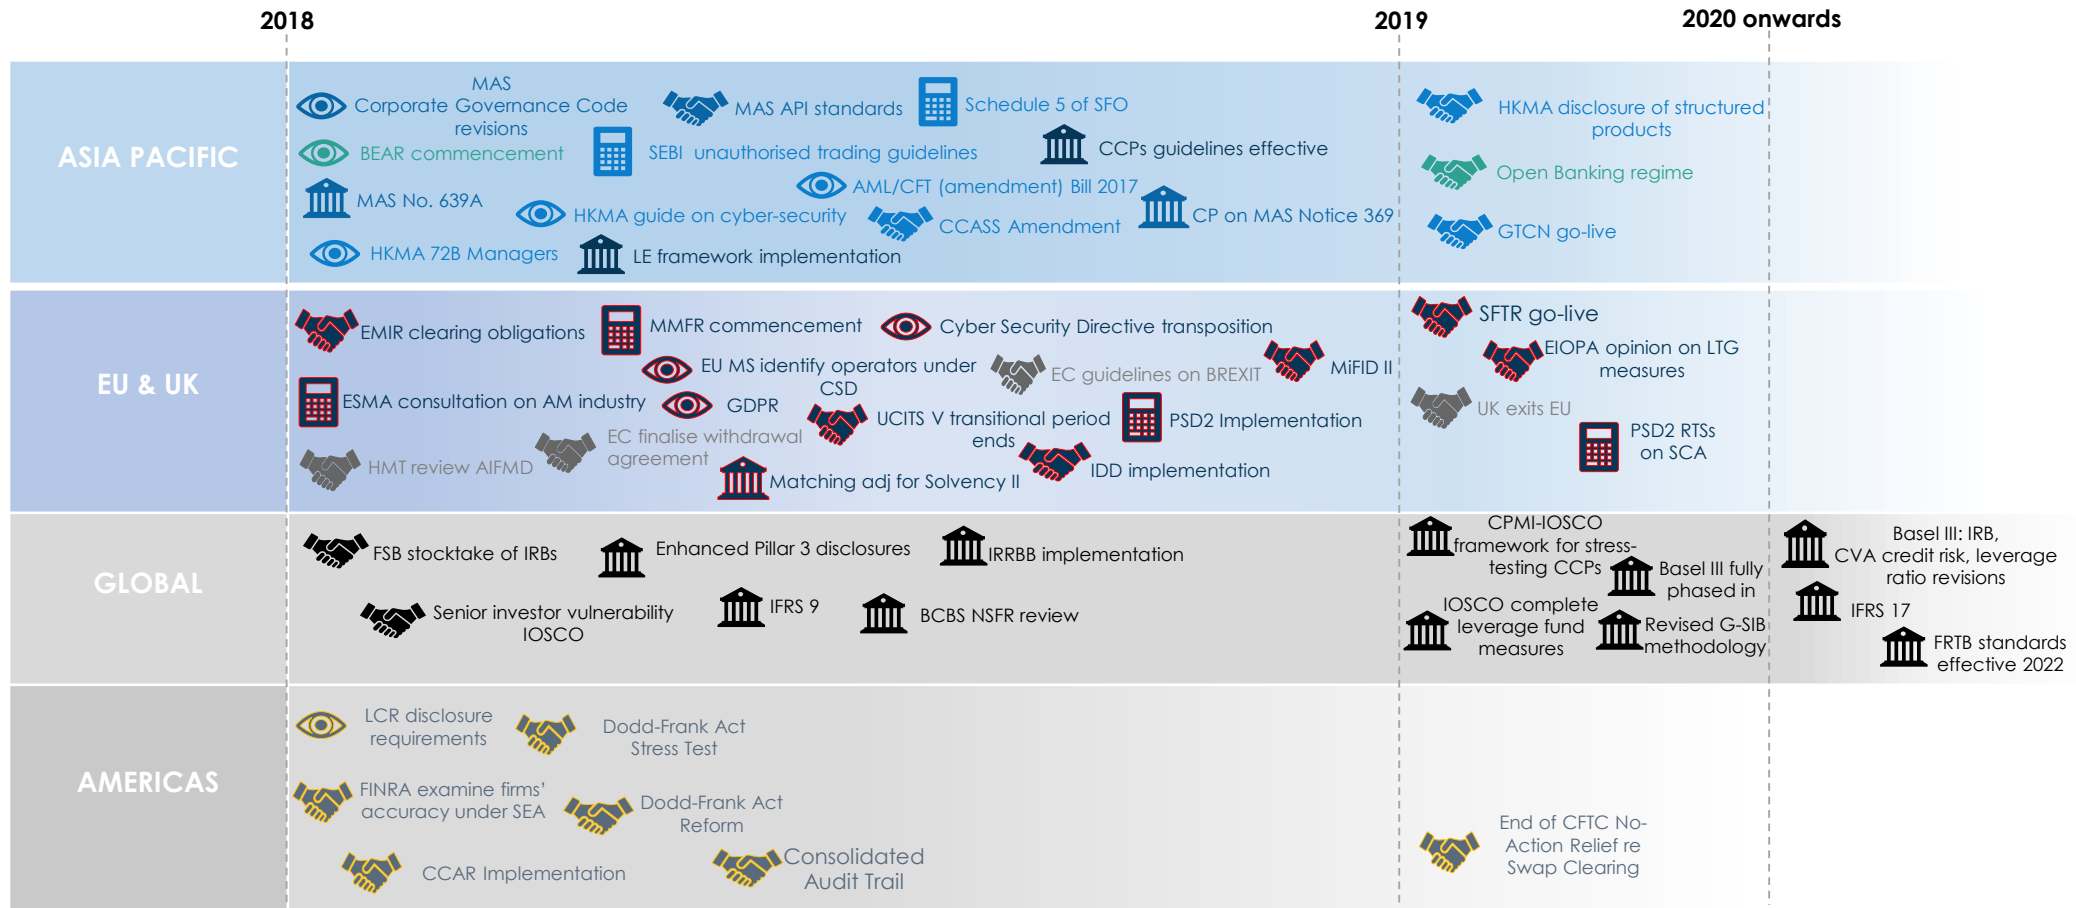

We believe that the industry needs to rethink the way it **manages regulatory change** and **adopt a technology-enabled, standardised and collaborative** approach

REGFACTS

- ▶ Firms in the UK are spending over £55 billion, or 2.6% of GDP, on technology to support regulatory change
- ▶ The average tier 1 bank has approximately 1,750 applications
- ▶ Professional services fees in this arena range from £600 to £10,000 per day (not ours!)

By spotting the **deltas**, knowing their **impact** and **implementing the right solutions**, we can all get it done **better, faster, cheaper and safer**
