

Press Consulting: Richard Phillips

Principal Consultant – Altus Digital

Richard Phillips

Principal Consultant

Biography

Richard has over 15 years' experience working with the technology area of the financial services sector.

He has gained a wide range of experience working on the technical architecture challenges across financial services including Life & Pensions and General Insurance systems. He has a track record in being able to communicate both technical and business concepts in a concise manner suitable for the audience. Over his career he has specialised in both application and data architecture and in recent years has expanded into the cloud architecture area.

About Altus

Altus was founded in 2005 with a mission to speed up financial services through insightful consulting advice and superior technology. Altus supplies specialist consultancy services and market-leading automation software to over 100 clients in the insurance, investment, pensions and wealth management sectors. Its software has been ISO 27001 accredited since 2017. Altus became part of Equisoft in July 2021.
