

Ben Cocks – Business Systems Director

Biography

With an engineering background, Ben has built a reputation in the Financial Services sector for creating innovative IT solutions backed by robust engineering practices.

He has extensive practical experience of the operations side of Financial Services and has worked with many of the largest investment and insurance companies in the UK. Ben is founding director of Altus Business Systems and has successfully taken a range of products from initial market research through to a mature market position. He is a strong advocate of open standards for Financial Services and has taken a leading role in industry wide initiatives to develop the new standard market practices around which Altus products are built.
