Nick Meredith – Chief Architect

Biography

Nick is Chief Architect for the Altus software products division and manages the ongoing development of our Altus Transfer Gateway (ATG) and Altus Pensions Gateway (APG) automation software. Nick has been the design authority behind all Altus products to date. He has taken a significant role in the development of new industry wide market practice and has been instrumental in taking new technical standards from the drawing board to everyday use.

Nick has worked for over 20 years developing a range of complex software applications from small specialist solutions to enterprise wide policy administration systems. He combines in-depth expertise in a wide range of technologies with an excellent grasp of the practicalities of financial services operations.

About Altus:

Altus was founded in 2005 with a mission to speed up financial services with superior technology. Altus supplies specialist consultancy services and market-leading automation software to over 200 clients in the investment and wealth management, pensions, and general insurance sectors. Privately-owned, Altus employs over 70 people and is based in Bath. Altus software has been ISO 27001 accredited since 2017.

For more details of either of these services please visit our website or contact us on 01225 438000
